

Holly A. Hawkins Vice President and General Counsel SERC Reliability Corporation

Electric Reliability Organization (ERO) Enterprise

Standard Development	Assessments	Studies	Whitepapers
Over 90 Reliability Standards	Long Term and Seasonal	Risk Reliability Studies, Transfer Capability	Technical Whitepapers and Reports

Audits	Enforcement	Outreach	Regional Studies
In the field and on-site compliance verification	Mandatory Mitigation; monetary and non-monetary sanctions for non-compliance	Webinars, Workshops, Newsletters	Sub-regional assessments and studies

NERC

NERC as the ERO operates under specific authorities established in the 2005 Federal Power Act. NERC has oversight of the six regions and is evaluating reliability risk on an inter-national scale.

Regions

The regions have the authority to audit and enforce the NERC Reliability and Security Standards with their Entities. The regions also provide studies, assessments and evaluate Reliability Risk specific to their region as well as providing outreach and training

SERC Reliability Corporation

- 16 states
- 97+ million estimated population
- 300+ Registered Entities
- 118k miles of Bulk Electric System transmission lines
- 3,400 generating units
- 261 GW forecasted load in 2024

The Electric Reliability Organization Enterprise

Our mission is solely reliability and security of the bulk electric system

We are an objective and independent resource

We do not own or operate grid assets or energy markets

We are regulators of the electric industry

Upcoming Event

ATTENTION State Policymakers and Regulators!

SAVE THE DATE

SERC'S 2025 ELECTRIC RELIABILITY POLICY SUMMIT

Charlotte, North Carolina

Come learn how current energy policy impacts electric reliability and security.

More details to follow.
